## 2023 Nathan Lane Area Pavement Rehabilitation Project Public Meeting

The City of Plymouth plans to make improvements to streets in the Nathan Lane area in 2023. An open house was held on March 2nd to provide an opportunity for area properties to ask questions about the project, however a number of properties did not receive the meeting invite.

If you did not receive the invite, the layouts displayed at the open house and a video are available on the project website:
