At this meeting, the City Council will consider ordering the improvement, adopting the assessments, and awarding the contract for the work related to the reconstruction project. A map showing the streets included in this proposed project can be found on the City's webpage for the project at www.plymouthmn.gov/gleasonlake. Improvements proposed with this project include removal of the existing asphalt and road section, installation of a new roadway with an engineered street section with drain tile, full depth reclamation of streets, installation or replacement of curb and gutter, installation of storm sewer, replacement or repair of water main, repairs to sanitary sewer manholes, trail replacement, and trail construction.

No such appeal as to the amount of an assessment as to a specific parcel of land may be made unless the owner has either filed a signed written objection to that assessment with the City Clerk prior to the hearing or has presented the written objection to the presiding officer at the hearing.

Under Minn. Stat. §§ 435.193 to 435.195, the Council may, in its discretion, defer the payment of this special assessment for any homestead property owned by a person 65 years of age or older for whom it would be a hardship to make the payments. Any assessed property owner meeting the requirements of this law may, within 30 days of the confirmation of the assessment, request of the City Clerk the form for such deferral of payment of this special assessment on his property.
