Agenda

Household Hazardous Waste

September 21, 2023 -
7:00PM

Plymouth Maintenance
Facility,
14900 23rd Ave N,
Plymouth, MN 55447

Desired Outcomes

Improve general understanding about what hazardous materials can be found in our homes, strategies to avoid creating household hazardous waste (HHW), and how to properly dispose of HHW when we create it.

Planned by members of the Environment Quality Committee

Laura Babcock

Rob Blakely

Andy Polzin

Household Hazardous Waste (HHW)

Title – “Hennepin County Household Hazardous Waste”

Louisa Tallman, CHMM
Hennepin County HHW Operations Manager
Household Hazardous Waste Program
Hennepin County Environment & Energy Department

- Introduction to HHW in Hennepin County.
- HHW resources available through the County.
- What to know about Hennepin County HHW drop off.

:05 Break

Title - "Minnesota PaintCare - Buy Right, Use it Up, Donate, Recycle the Rest"

Steve Pincuspy
Program Manager
Minnesota PaintCare

- What is PaintCare?
- Strategies to avoid paint waste in the home.
- What to do with excess paint.

This session will conclude by identifying HHW commonly found in the home through a fun and informative game format.
