SUBJECT: Notice of Project Data Collection
2025 Rehabilitation Project
City Project No. ST259002

Dear Property Owner:

This letter is to inform you that the streets in your neighborhood have been identified as a candidate for mill and overlay improvements or pavement rehabilitation in 2025 and that preliminary project work is scheduled to begin. A map of the proposed project area can be found on the back of this letter.

In preparation for this project, you may notice crews in your neighborhood marking curb for removal, collecting pavement samples, reviewing utilities, and gathering information for the project, which is necessary to develop the project scope. Once we have collected the necessary information you will receive a neighborhood meeting invitation. The meeting is anticipated to be held later this fall and will include information about what the improvement process involves, and special assessments associated with the project. If you were assessed with the 2024 project, you will not be assessed with the 2025 project. Staff will be available to answer any questions you may have.

Sign up for eNotify Email Updates

For information and to sign up for eNotification email updates about the project, visit the project web page at plymouthmn.gov/2025streetrehab. You may also contact me directly at tmmiller@plymouthmn.gov.

Sincerely,

A handwritten signature in black ink that reads 'Tony Miller'.

Tony Miller, PE
Engineering Project Manager
