

BEGINNING JAN. 1, 2012

Recycle even more plastic!

Plastic jars, cups, tubs and deli containers (excluding Styrofoam™) and more will be accepted for recycling on Plymouth's curbside and drop-off programs.

How do I know if I can recycle it?

1. Look for the numbers 1 through 7 on the item.

2. Make sure the item is no larger than 9 inches in diameter.

Plastic shopping bags are accepted for recycling

Plastic shopping bags can now be recycled. Stuff several into one shopping bag. Tie the handles together before recycling to help prevent litter and keep them from getting tangled up with other materials.
